

EEB 174 Homework week 2

Preliminaries

For questions 1 and 2:

Create a file called week-3-hw-eeb174.txt in your `homework` directory.

Use this file for your homework answers.

For questions 3 and 4

Create a new ipython notebook called week-3-hw-eeb174.ipynb and save your answers in this notebook. Commit the notebook to your homework repo.

Commit all of your work as you go.

Question 1.

Do 1.11.2 in Allesina And Wilmes.

Question 4.

Do 1.11.3 in Allesina And Wilmes.

Question 3.

Read Chapter 2 of Python for Biologists and do the **Calculating AT** exercise on page 39.

Question 4.

Worth through the [Programming with Python](#) section at softwarecarpentry.org and do the exercises at the bottom of the page.

Due Dates

Homework must be committed by **Wednesday, February 1st at 5:00 PM.**
